Resume

The Océanis 38.1 features a chine hull for surprising stability and particularly comfortable sailing.

The design is resolutely modern and elegant, while offering great performance, signed by its internationally renowned architects: J-M. FINOT and P. CONQ.

A well-balanced sail plan, double wheel steering for maneuverability; a straight bow and wide stern for greater stability.

The teak cockpit is an undeniable element of comfort.

Designed by NAUTA DESIGN, you'll appreciate a living space with optimized interior volumes and a surprising amount of light thanks to the hull portholes.

A warm, contemporary ambience thanks to light oak furnishings, white linings and anthracite flooring.

Aboard this innovative unit, you'll enjoy a sailing experience that combines comfort and authenticity.
